Features

Quality: rigorous tests and controls are put in place to ensure compliance with the highest quality standards.
Durability: designed to withstand frequent and intensive use, ensuring a long service life.
High performance: the trimming process makes the bristles uniform and aligned, while punching optimises their arrangement and inclination.
Sustainability: the use of recycled PP and PET significantly reduces dependence on virgin plastic and contributes to circular economy.
Hard bristle: removes even the most obstinate dirt by removing it completely.
Feathered Bristle: collects the thinnest dirt leaving the surface perfectly clean.
Universal attachment: compatible with all the main types of threads marketed.
