

## profix® 4 colour wipes - Yellow (en)

Item number: 066 885

Category: Recommended Filling, Special Wipes

The **profix® 4 colour cloths** are high-quality **wiping and polishing cloths made from 100% viscose fibers** with a **coarser perforated structure** for enhanced dirt pickup. The **coarse perforation** makes them particularly suitable for **intensive cleaning tasks and heavier soiling**.

These textile-like cloths are **exceptionally soft**, yet **highly tear- and abrasion-resistant** for long-lasting use. They are **highly absorbent, easy to wring out, reusable, solvent-resistant, and silicone-free**. The **ISEGA certification** confirms their suitability for **use in food production environments**.

The **four color codings** allow clear allocation of cleaning areas, supporting professional hygiene systems.

**Ideal for use as cleaning and wiping cloths in commercial kitchens, canteens, and the food processing industry, as well as color-coded universal cloths in professional building cleaning, hotels, nursing homes, and care facilities.**

The profix® 4 colour cloths combine **maximum functionality with certified safety**, making them the perfect choice for professional hygiene concepts.
